# FACTS & FIGURES

# OUR GROUP

X-Byte Enterprise Solutions shares your entrepreneurial spirit. Since 2012, it has driven us to develop business software solutions that enable you to fulfill that spirit. Whether you're a start-up, a medium-sized or large enterprise network, our solutions give you the freedom and control you need to thrive.

X-Byte io is a pioneer and global leader in Data-as-a-Service solutions. The integral part of our work is web data extraction using cloud computing technologies focused on helping enterprises acquire large-scale structured data from the web.

## Do You Have Any Projects In Your Mind?

We are technology leaders and have crafted intuitive and lasting online and mobile experiences for hundreds of associations. We are a place where the ideas grow and become profitable for our clients.

We offer our clients the opportunity to work with the best creative brains in the industry with all the required zest and enthusiasm. Our skilled team has been delivering cost-effective but robust web and mobile applications solutions to our clients for years. Our solutions are not just cost-effective and innovative; it helps businesses in attracting potential clients.
